

SMART PHONE ALERT NOTIFICATIONS

How to setup your alert notifications on your smart phone?

1. After setup remote viewing using the P2P Setup
2. At Recorder, RIGHT CLICK > MENU > USER/PASSWORD > CAMERA
3. Select Section you want ALERTS from - Motion, Video Loss or VCA
4. EXAMPLE FROM MOTION.... Click SETTINGS

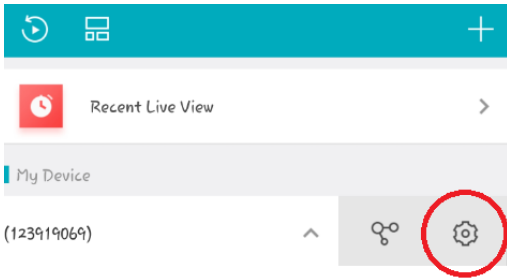

- 5.
6. The ARMING SCHEDULE allows you to set when you want the ALERTS to be set (This says Monday 00:00-24:00, you can break it up into 8 separate time slots, 00:00-06:00, 12:00-16:00, etc., and do this for each day)

- 7.
8. After completed you click APPLY
9. Click LINKAGE ACTION > Check the Box NOTIFY SURVEILLANCE CENTER
10. The Recorder is now setup for SMART PHONE ALERT NOTIFICATIONS

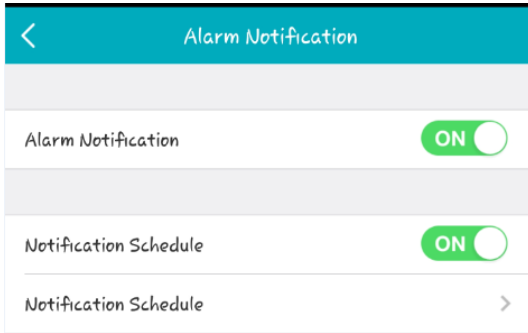

12. In GUARDING VISION find your Device > Slide Right to Left > Select Wrench

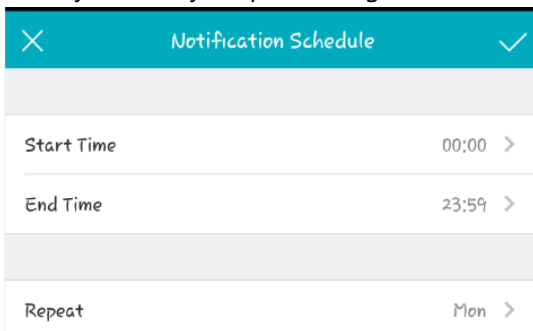

13. Select ALARM NOTIFICATION

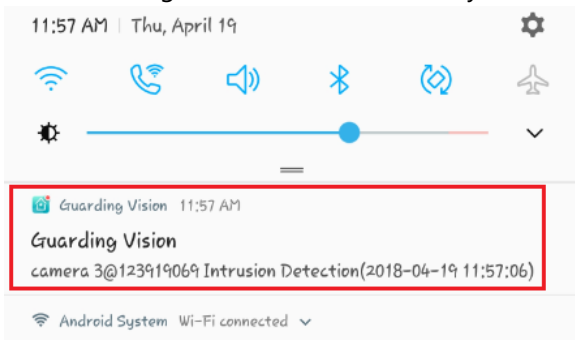

15. Turn on ALARM NOTIFICATION & NOTIFICATION SCHEDULE > Select NOTIFICATION SCHEDULE

16. At the bottom of the phone select '+ Set a Time Schedule' and set the Start Time/End Time and the day of the week when you want your phone to get NOTIFICATIONS

18. You will now get NOTIFICATIONS from your APP (Beep, Vibrate, etc.)

20. Select the NOTIFICATION to Playback Clip >>>>>>>>>>>>>>>
